

Wall-Recessed

A recessed wall light is a small luminaire designed to be installed surface mounted. Its high-quality raw material ensures high resistance to dust, humidity and water. High efficiency LED lights provide more luminous and brighter with low consumptions. The louvers extending across its opening prevent the glare effect, delivering a more uniform, comfortable and pleasant lighting experience. This product has features as easy installation and low maintenance requirements. It enhances overall brightness and creates mood lighting. It is suitable for application as public, residential or pedestrian areas, Stairs, parks, gardens and shopping malls.
